Message from Director's Desk

Dear Patron,

Thanks for taking time to read our newsletters and to read about happenings in our Sonic World. It gives me delight when our readers actually give us the feedback about quality and rich content of our newsletter and that they await to read our newsletter and know about Sonic News. It is this expression of appreciation and love that we feel encouraged.

Specialty about this edition of newsletter is the “Artiste of the Month” section. As you can see we are networking with more and more artistes and listening to them, talking to them, understanding them and leaning from them as to how Sonic Octaves can be helpful in their pursuit of art as career. How Sonic Octaves can create opportunities to support them. It is really a pleasure for me to know more and more artiste and to listen to them. Every time I meet a fantastic artiste, I wonder how many such superb artistes we have in this country and feel even more responsible as to how we can show this talent to the entire world? Frankly for me it is always a humbling experience.

Another reason I am happy to write to you today is for one of our dreams coming into reality. Scripture like Dasbodh in audio format was our dream and we feel really happy to have brought it into reality.

I invite you to read this newsletter, be a part of Sonic journey and feed us with your valuable suggestions, inputs and encourage us with pats on our back.

Thanks again,

Rajendra Vaishampayan
